

CONSERVATION EASEMENT TAX INCENTIVE COALITION

May 15, 2013

RE: Please Become an Original Co-sponsor of the Conservation Easement Incentive Act

Dear Representative:

On behalf of the undersigned conservation, agriculture, and sporting organizations, we urge you to join Congressmen Jim Gerlach (R-PA) and Mike Thompson (D-CA) as an original co-sponsor of the Conservation Easement Incentive Act.

First passed in 2006, and renewed in the Fiscal Cliff deal, the enhanced tax deduction for conservation easement donations has helped America's land trusts work with willing landowners boost such donations by a third, to more than a million acres a year. It has even greater potential – but that potential can only be realized by making the incentive a permanent part of the tax law.

Landowners can retire the development rights on their land by donating a conservation easement – keeping farm, ranch and forest lands in productive use, protecting important fish and wildlife habitat, and conserving our scenic and historic heritage across America. Under previous law, landowners with modest incomes received little or no tax benefit from donating what may be their family's most valuable asset. By allowing such donors to deduct a larger portion of their income over a longer period of time, this incentive enables thousands of landowners to afford conservation.

The lapse of this incentive throughout 2012 led to the loss of hundreds of potential donations of development rights on lands with important natural, agricultural and historic values – and it's set to expire again at the end of 2013. An on-again, off-again incentive makes it very difficult to educate potential donors, and donating a conservation easement is a lengthy and expensive process that many landowners will not begin without knowing this incentive will be in place at the end.

Similar legislation in the 112th Congress (H.R. 1964/S. 339) had 311 House and 28 Senate co-sponsors, including majorities of both parties in the House. Presidents Bush and Obama have both sought to extend the incentive in their past budget requests.

We encourage you to become an original co-sponsor of the Conservation Easement Incentive Act by contacting Lori Prater (Gerlach, lori.prater@mail.house.gov) or Carla McGarvey (Thompson, carla.mcgarvey@mail.house.gov). A Dear Colleague is attached. For more detailed information, please contact Sean Robertson of the Land Trust Alliance at 202-800-2229 or srobertson@lta.org.
